FATHER GILLIS TO LECTURE ON SPAIN

REV. JAMES GILLIS

Rev. James M. Gillis, C.S.P. will speak on the University Lectures Series Sunday, Feb. 10, 1946 at 8:15 p. m., in the ballroom of the Biltmore Hotel. The topic of his lecture will be "The Spanish Problem."

Father Gillis is a prominent figure in contemporary American letters. His fame has spread throughout the country, particularly because of his series of Catholic Hour broadcasts and as radio speaker on the Angelus Hour.

Since 1908 he has lectured in almost every state and in Canada and Europe. He was speaker at the International Eucharistic Congress in Manila and Budapest; he is a member of the Board of Editors of the Catholic Book Club, and Academy Member of the Gallery of Living Catholic Authors. Father Gillis is a member of the Catholic Press Association of America and of the American section of the International Academy of Sociology. Within the past few years, he has been the recipient of honorary degrees of Doctor of Letters and Doctor of Law from six colleges in the East and Midwest. His is one of the most capable and scorching pens against the errors and injustices of our day.

Front Cover: May we present Maurice Reichard, Bonnie Winckelman, and Bob Buehler. Bonnie and Bob have the leads in the 12th annual Mask and Mascara musical, which will be presented the middle of February. Reichard is in charge of direction in addition to writing the music and collaborating on the script.

Faculty Members Added to Staff

With the increased enrollment at the university a number of new faces will appear among the faculty. May we present additions to the teaching staff.

William F. Cahalan, instructor in English, has just finished his master's degree in educational psychology at Columbia, after receiving his Bachelor's from Fordham. He has served as registrar of Xavier High School, New York City, and as secretary to the Vice-President of Fordham. Mr. Cahalan taught English at Dover, Delaware, until he enlisted in the Navy.

John Hogan hails from Racine, Wisc., and will also teach in the English department. Mr. Hogan received his B.A. from Marquette, and his master's from the University of Wisconsin in English. He has recently been discharged from service in the Army, after serving with a corps of Engineers.

Reuben Koch, a native Daytonian, holds a master's from Ohio State University in mathematics. He will teach in our math department. Mr. Koch taught for a period of thirty-nine years in the public school system. He had planned to retire, but found such a great interest in teaching that he is continuing in the profession of his choice. At the present, he is collaborating with his son on the writing of a math book.

Dr. Robert Kuder is scheduled to teach in the chemistry department. He received his A.B., summa cum laude, and with distinction in chemistry from Ohio State University. Dr. Kuder was awarded his Ph.D. in the field of organic chemistry at Northwestern. He has been affiliated with the Standard Oil Co. as a research chemist.

DeSales Powell, instructor in sociology and philosophy, received his A.B., cum laude, from Georgetown University in philosophy, economics and sociology. He attended the Institute of Medieval Studies in Toronto, Fordham, and Columbia Universities. Then he returned to Georgetown where he was awarded his Master of Arts.

Returned Veterans

Reeves R. Schwartz, after three years' service in the Navy, is coming to the university to teach in the physical education department. He has an M.S. in Phys. Ed. from the University of Minnesota. During his service in the Navy, he was stationed at the University of California, having

FATHER CHAMINADE PROGRAM HELD

ACTIVE IN THE ANNUAL FATHER CHAMINADE DAY PROGRAM, Jan. 22, were seniors Kay Ens and Allan Braun. Father Charles Preisinger, S.M., spoke on the new biography of Father Chaminade recently completed by Katherine Burton. Father Edwin Leimkuhler, S.M., also spoke on the progress of the cause of the society's founder.

charge of the intramural program for approximately 1800 naval trainees, and assisted in coaching the baseball team. At California Polytechnical College, Schwartz had complete charge of the Navy physical training program.

Wilfred J. Steiner, also recently discharged from service, will teach in the field of European history. While in service in Europe, he attended the University of Paris and completed a course in the French language and history. He received his master's degree from Harvard.

Leroy P. Sterling, Marietta, Ga., has a Ph.B. in mechanical engineering from Sheffield Scientific School, Yale University. For some time he was instructor of aviation engines, Riddle Aeronautical Institute in Florida. Mr. Sterling also served as assistant professor of mechanical engineering at the University of Alabama, and is a member of the Society of Automotive Engineers.

William W. Taylor will teach in the business department. He received his bachelor's degree from Northwestern and his master's from New York University. He has taught at Winona Business College, Winona, Minn., and in the public school system at Lima, O. Also, he worked in public accounting for ten years. Re-

PAPAL BLESSING BESTOWED ON U.D.

Recently Father Renneker received a letter of thanks from the Office of the Secretary of State of His Holiness, Pope Pius XII, for a modest offering made to His Holiness. Following is a quotation from the letter:

"The Supreme Pontiff, greatly appreciating this expression of filial loyalty and devotion, bids me convey to you as President, and through you to all the generous donors, the sentiments of His gratitude for their gift.

"The Holy Father, while thanking you, bids me to assure you of His special interest in the welfare of your esteemed University, and as a token of his paternal solicitude and benevolence, He most cordially bestows on you, the faculty and students, His Apostolic Blessing."

cently discharged, he comes to the University of Dayton.

Dean of Women

Sister Agnes Immaculata, S.N.D., dean of women, has fully recuperated and is back at her desk. It is good to see her back.

Garth E. Heckman, instructor in accounting, has been given a leave of absence.

University of Dayton,
Dayton, Ohio
Attention: Brother Andrew Weber
Gentlemen:

Enclosed find our check in the amount of \$1,000.00 which we wish to contribute as a donation in appreciation of past services and favors rendered us by your Mechanical Engineering Laboratory.

It would please us if you would use this donation to improve and add to the facilities of your Mechanical Engineering Laboratory.

Very truly yours,

MIDWEST AIRCRAFT
PRODUCTS, INC.

Signed

M. M. Culver, President,
A. M. Fargo,
Vice-President.

Mr. Culver is no stranger to the mechanical engineering students of '42-'43-'44. Because of the pump tests that were conducted in the labs under his supervision, Mr. Culver became well acquainted with the mechanical engineering department and its students. Also, Mr. Culver became known because of the M.E.S. talk on speed boat racing. He holds the national championship of his class of boat—"The Yankee Doodle."

Mr. Fargo is known by the class of '44 because of the valve tests that were conducted under the combined supervision of Mr. Fargo and Mr. Culver in the M.E. Lab.

The world of today is progressing rapidly along scientific and engineering lines as is experienced by both industrial concerns and educational institutions. To meet present day problems facing industry and schools alike there must be a sympathetic understanding between them and a mutual cooperation in each other's difficulties.

Midwest Aircraft Products, Inc., is to be congratulated in realizing the present world conditions as they affect industry and schools.

We would like to express the appreciation and thanks of the University of Dayton, Father Renneker, president of the university, the mechanical engineering department, and the students to the Midwest Aircraft Products, Inc., for the practical way it has crystallized its realistic conviction.

FORMER DEAN NAMED INSPECTOR GENERAL

DR. BERNARD SCHAD

Bro. Bernard T. Schad, S.M., former dean of the engineering college, and inspector of schools of the Cincinnati province of the Society of Mary, has been appointed inspector general of schools of the Society of Mary throughout the world. Confirmation of the appointment came by cable from the vicar-general of the Society, Father Francis Jung, from Nevelles, Belgium.

Brother Schad succeeds Bro. Michael Schleich, S.M., who died in Spain in April of 1945. Brother Schad is a nephew of the late Brother Schleich, and is the third American to hold the post and become a member of the general administration of the Society of Mary.

Entering the order of the Society of Mary at Dayton in 1905, he made his first profession of vows in 1906. He began his teaching career at the University of Dayton in 1920. The department of civil engineering was founded by Brother Schad. He served as head of that department until 1935 when he was appointed dean of the college of engineering. From 1922 to 1936, Brother Schad served on the UD athletic board, and was faculty adviser of athletics from 1926. He was closely associated with the construction program of Alumni hall—the men's dormitory, the U.D. stadium and the Albert Emanuel library.

While at the university, Brother Schad took an active part in civic affairs. He was chairman of the safety committee of the Dayton Chamber of Commerce, a member of the Dayton traffic commission, and president of the Dayton chapter of the Ameri-

Seek Information on Lost Alumni

The University of Dayton Alumni Association is a very active and swiftly moving body. With the migration of alumni through their contributions to the war effort, some of which was civilian, and most of which was military in nature, many of our alumni have become lost from our mailing list. We don't like this, and in order to keep all of our alumni informed as to activities, and to keep them posted on the latest bits of news, the editor is making an effort to trace all of our "missing," some of which are listed below. The rest will follow next month.

The "missing" are listed with the last known city of residence, which according to the Post Office is not correct. If you find any of your friends listed, and you know their correct address, won't you please help? Just send it to us, either on a post-card or by phone, if that is possible. — Thanks a lot.

MISSING ALUMNUS DECLARED DEAD

THOMAS N. BRAUN

Sgt. Thomas N. Braun, ex '46, was officially declared dead Dec. 4, 1945, after having been missing in action a year. Awarded the Purple Heart, he served as an aerial gunner-engineer with the 20th Air Force on Saipan.

Sgt. Thomas Nicholas Braun, ex '46, was reported killed in action Dec. 3, 1945, after being reported missing for over a year. Tom enlisted in the Enlisted Reserve Corps in October of 1942 and reported for duty in May of 1943. He served in the infantry

from May until August of 1943 at which time he was transferred to the Army Air Corps. He received his basic training for the infantry at Camp Wolters, Texas. Then he was sent to Sheppard Field, Texas, to begin his training for the aerial gunner-engineers. From August, 1943 to October of 1944 he received training at Harlingen and Amarillo, Texas, Great Bend, Kansas, and Kearney, Nebraska.

In October of 1944, he was sent to Saipan in the Marianas to join the 20th Air Force. Tom was reported missing in action over Tokyo on Dec. 3, 1944, after his plane had failed to return to its base. He was serving on a B-29. An award of the Purple Heart was made to him.

Tom began his college training here at the University in September of 1942. He was enrolled in the Department of Business Administration. Survivors include his parents, Mr. and Mrs. Walter Braun, Troy, Ohio, one sister, a brother in service, and Allan '46.

This casualty brings the number of University of Dayton Gold Stars to 69. There are still a number of persons missing in action upon whom we would appreciate further information if that is available. Paul Reis '41, Harold Raybould '43, George Shullo '43, Dave Bastel '44, and Irvin E. Lang, and Edward McDermott, are those who are still reported as among the missing.

Registrar Expects Peak Enrollment

The second semester is to begin on Feb. 7 with enrollment expected to be the largest in the history of U.D. Father Charles L. Collins, vice-president, registrar and dean, has announced that more than 300 discharged servicemen have already applied for admission to day classes in the spring semester. A great number of U.D. students whose college education was interrupted by military service are resuming their courses this semester.

Registration for the day classes begins Monday, Jan. 28. Classes start on Thursday, Feb. 7. To meet the needs of those who cannot be accommodated in day classes, an expanded evening program of over 90 courses is planned. Registration for the night classes will be held from Feb. 11 to 16, with classes beginning on Feb. 13. Brother Elmer Lackner, assistant dean and former Alumni secretary, is director of the evening classes.

KNISLEY RETURNS

Bill Knisley who was called by the Marine Corps during his last semester in 1943 is scheduled to return to school to finish his degree. He is expected to play basketball.
